## Responses to Open-Ended Questions

**Question 23: Why is that: in other words, why were you dissatisfied with that experience?**

<b>ID No.</b>	<b>Department or Purpose</b>	<b>Reason Dissatisfied</b>
10555	Administration	I didn't get the answers I was looking for.
1545	City Auditor	The customer service was rude.
5421	City Auditor	The outcome was not what I wanted, and their professionalism was somewhat abrasive. They were very direct and it was not very cordial.
12928	City Council members	Nothing was done and nothing was addressed.
260	City Services	They did nothing about it. My neighbor has sheds and cats that keep breeding and dying in the backyard.
1642	City Services	My trash didn't get picked up.
1788	City Services	They didn't take care of the issue even though they say to call them when people are not keeping up their property.
1986	City Services	I called about a pothole and the work did not get done.
2031	City Services	The garbage man leaves the can in my yard. I have a disability and it makes it difficult for me. The supervisor did not seem concerned with my problem.
2577	City Services	Well, for one, I was having an issue with neighbors filling my trashcan. I pay for it and the person I spoke with did not seem to care.
2910	City Services	I had to get a permit to work on my own property. I don't like that.
4230	City Services	It was bad news and they could have handled it better.
4514	City Services	I have had five accidents in my yard and requested to have road signs put up and they said "no."
4555	City Services	They will not enforce their ordinance.
5057	City Services	They sent me a letter about my grass being too long. I called them and they never called me back. They sent a letter telling me how to take care of my own property. I feel like they just don't want to answer my questions and they did not call me back.
5937	City Services	It seemed like every person I talked to didn't listen to me.
6736	City Services	I called about trash piling up outside of a home. It seems like they cannot get anything done within a reasonable time.
6826	City Services	They don't care; it is a money game.
6877	City Services	They never came out. I expect them to follow through to make sure things are taken care of. They're backyard is joined in with mine and I don't like the clutter.
7680	City Services	I thought that they should be doing more with the population of cats. A lot of them are feral and I hate the law that says you cannot take a cat if you don't own it. They tell me I cannot take them in, but they won't come pick them up. They don't take any responsibility for the cats and they don't do anything.
10629	City Services	They didn't listen to what I had to say.
10965	City Services	They were polite, but their hands were tied and couldn't really do anything.
11900	City Services	It took them two months to get here. The house was stinking for two whole months.
12219	City Services	I called about falling trees in my neighborhood. A man came out. He was very unprofessional. If nothing is going to be done, it deters people from calling because it's kind of pointless.
12367	City Services	The neighbors still are not trimming the bushes to maintain their yard.
12490	City Services	There was a house for sale that was going up for auction. Officials never got back to me and it was sold. I feel like it was an inside job. I never heard anything back.

**Question 23: Why is that: in other words, why were you dissatisfied with that experience?**

<b>ID No.</b>	<b>Department or Purpose</b>	<b>Reason Dissatisfied</b>
13675	City Services	I kept getting told different things about what I was allowed to do. I am familiar with building permits. I feel like I am being overcharged. When I ask them to show me proof of what it costs they can never do that.
11040	Fire Department	I feel like I wasted my time because it didn't really go anywhere. I felt like they thought it didn't matter.
14516	Mayor's Office	They are making some changes to the wards and I just have a difference of opinion.
4950	Parks and Recreation	Nobody knew or understood what I was talking about.
6624	Parks and Recreation	I called about a splash pad and I could not get anyone to answer my question.
2861	Police	I didn't get the response that I should've gotten.
2981	Police	We found a bag in front of our yard that contained heroin and needles. It had pill bottles with a person's name on it. The dispatcher who we spoke to told us to pick it up and take it to the police department. I told my wife not to do it. The police showed up half an hour later. The drug offender might have been all over the place. Our kids were playing in front of our yard and they almost picked it up. The dispatcher didn't want to send the police to pick up the drugs.
3384	Police	I saw someone breaking into a car and I called the police, but I never saw an officer go by and check anything out. When I told them, they were more interested in who I was, and I never heard a siren going by the area and never saw any cops.
5593	Police	I called a detective about an ongoing investigation of my daughter's murder. They always tell me they are going to call back with some answers and they never do.
10424	Police	They would tell me something but didn't have the paperwork proof to back it up. The police felt like "this is what I said so this is how it goes" and that's not fine.
13480	Police	There was a person at my house who was high on drugs. I was scared. They told me that they could not send out an officer.
15000	Police	When I was pregnant, someone tried to break in. I called the police and they didn't really seem to look into it.
5750	Public Safety	I was interested in starting a neighborhood watch. It seemed like they didn't care about helping out the Whitehall community.
12347	Public Safety	I called about the accidents on my street and changing the speed limit. We didn't get a response.
6276	Whitehall City Schools	They refused to look into other options for help. Kids are not receiving support from the school system.
