Except as otherwise provided in division (c) of this section, net profit from a business or profession conducted both inside and outside the boundaries of a municipal corporation shall be considered as having a taxable situs in such municipal corporation for purposes of municipal income taxation in the same proportion as the average ratio of the following:

Multiply the entire net profits of the business by a business apportionment percentage to be determined by:

(1) The average original cost of the real and tangible personal property owned or used by the taxpayer in the business or profession in such municipal corporation during the taxable period to the average original cost of all of the real and tangible personal property owned or used by the taxpayer in the business or profession during the same period, wherever situated. For purposes of this determination, real property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight;

(2) Wages, salaries, and other compensation paid during the taxable period to persons employed in the business or profession for services performed in such municipal corporation to wages, salaries, and other compensation paid during the same period to persons employed in the business or profession, wherever their services are performed, excluding compensation that is not taxable by the municipal corporation under Section 718.011 of the Ohio Revised Code;

(3) Gross receipts of the business or profession from sales made and services performed during the taxable period in such municipal corporation to gross receipts of the business or profession during the same period from sales and services, wherever made or performed.

(4) Adding together the percentages determined, in accordance with subsections (a)(1), (2) and (3) hereof, or such of the aforesaid percentages as are applicable to the particular taxpayer and dividing the total so obtained by the number of percentages used in deriving such total.

A. A factor is applicable even though it may be apportioned entirely in or outside the Municipality.

B. Provided, however, that in the event a just and equitable result cannot be obtained under the formula provided for herein, the Tax Administrator, upon application of the taxpayer, shall have the authority to substitute other factors or methods calculated to effect a fair and proper apportionment.

(b) As used in division (a) of this section, "sales made in a municipal corporation" shall be the same as defined in Section 181.02(uu).

(c) Except as otherwise provided in division (d) of this section, net profit from rental activity not constituting a business or profession shall be subject to tax only by the municipal corporation in which the property generating the net profit is located.

(d) This section does not apply to individuals who are residents of the Municipality and, except as otherwise provided in Section 718.01, of the Ohio Revised Code, the Municipality may impose a tax on all income earned by resident of the Municipality to the extent allowed by the United States Constitution.

(e) Net Operating Loss (NOL).

(1) The net loss from an unincorporated business activity may not be used to offset salaries, wages, and commissions to the extent that they are reported on form W-2 or other compensation. However, if a taxpayer is engaged in two or more taxable business activities to be included in the same return, the net loss of one unincorporated business activity (except any portion of a loss reportable for municipal income tax purposes to another municipality) may be used to offset the profits of another for purposes of arriving at overall net profits.

(2) The Municipality does not allow a net operating loss carry back or carry forward.

(f) Consolidated Returns.

(1) A consolidated return may be filed by a group of corporations who are affiliated through stock ownership if that affiliated group filed for the same tax period a consolidated return for federal income tax purposes pursuant to section 1501 of the Internal Revenue Code. 181.05 RETURNS AND PAYMENT OF TAX.

(a) Each taxpayer who engages in business or whose taxable income is subject to the tax imposed by this chapter shall, whether or not a tax is due thereon, make and file a return on or before April 15 of each year with the Tax Commissioner on a form furnished by or obtained from the Tax Commissioner or an acceptable generic form, setting forth the aggregate amount of taxable income earned together with such other pertinent information as the Tax Commissioner may require. However, when the return is made for a fiscal year or other period different from the calendar year, the return shall be filed on or before the fifteenth day of the fourth month after the close of such fiscal year or other period. The Tax Commissioner is hereby authorized to provide, in accordance with regulations, that the return of an employer or employers, showing the amount of Whitehall income tax deducted by said employer or nonresidential employee, and paid by him or them to the Tax Commissioner may be accepted as the return required of a nonresident employee whose sole income, subject to tax under this Tax Code, is such qualifying wages, commission, other compensation, and other taxable income.

(1) When a check is written to the City, as payee, and it is returned from the bank because of insufficient funds, closed account, or other reason, the direct cause thereof being the fault of the signee of the check, there shall be a thirty-five dollar (\$35.00) charge to the signee of the check in addition to the liability of making the check good and any other penalties assessed by law. In addition, where an ACH (Automated Clearing House) payment has been authorized as payment to the City and returned unpaid the same as above, there shall be a thirty-five dollar (\$35.00) charge to the person who authorized the ACH to be instituted.

(2) This charge shall be reviewed at least annually by the Tax Commissioner in order to align with prevailing charges exercised by the banking industry.

(Ord.68-09. Passed 11-17-09.)

(b) The taxpayer making a return shall, at the time of the filing thereof, pay to the Tax Commissioner the amount of taxes shown as due thereon; provided, that where any portion of the tax so due shall have been deducted at the source pursuant to the provisions of Section [181.09](#), or where any portion of such tax has been paid by the taxpayer pursuant to the provisions of Section [181.10](#), or where an income tax has been paid to another municipality, credit for the amount so paid in accordance with Section [181.17](#) shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing such returns.

(c) The return shall set forth:

(1) The aggregate amounts of qualifying wages, commissions, other compensation received, allocated, apportioned or set aside, other income defined by statute as taxable, and gross income from any business, profession or other activity, less allowable expenses incurred in the acquisition of such gross income earned during the preceding year and subject to said tax; and

(2) The amount of the tax imposed by this Tax Code on such earnings and profits; and

(3) Such other pertinent statements, information returns, copies of federal or state tax returns and/or schedules, or other information as the Tax Administrator may require, including a statement that the figures used in the return are the figures used for federal income tax adjusted to set forth only such income as is taxable under the provisions of this chapter.

(d) Information returns, schedules and statements required to support tax returns which are incomplete without such information shall be filed within the time limits set forth for the filing of the tax returns and the failure to file such information returns, schedules and statements shall be a violation of this chapter. Provided, however, that the taxpayer shall have ten (10) days after notification by the Tax Administrator, or his authorized representative, to file the items required by this paragraph.

(e) A husband and wife may file either separate returns or a joint return for municipal purposes, even though one of the spouses has neither taxable income nor deductions included on the municipal return regardless of whether their federal and state returns were filed separately or jointly. If a joint

municipal return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several.

(Ord. 73-05. Passed 12-6-05.)

181.06 EXTENSIONS FOR FILING RETURN.

- (a) The Tax Commissioner shall have the authority to extend the time for filing of the annual return provided the request of the taxpayer for a period not to exceed any extension requested or granted by the Internal Revenue Service for the filing of the federal income tax return is made in writing and filed not later than April 15 or the last day for filing the Municipal income tax return as prescribed by this chapter.
- (b) Any taxpayer that has requested an extension for filing a federal income tax return may request an extension for filing the Municipal income tax return. The taxpayer shall make the request by filing a copy of his request for a federal filing extension with the Tax Commissioner. The request for extension shall be filed not later than April 15 or the last day for filing the Municipal income tax return as prescribed by this chapter. The request for extension shall be granted for a period not less than the period of the federal extension request. The Municipality may deny a taxpayer's request for extension only if the taxpayer fails to timely file the request, fails to file a copy of the request for the federal extension, owes the Municipality any delinquent income tax or any penalty, interest, assessment, or other charge for the late payment or nonpayment of income tax, or has failed to file any required income tax return, report, or other related document for a prior tax period. The granting of an extension for filing the Municipal income tax return does not extend the last date for paying the tax without penalty unless the Municipality grants an extension of that date. Hence, penalty and interest may apply to any unpaid tax during the period of extension at the rate set in Section 181.15. No penalty shall be assessed in those cases in which the return is filed and the final tax paid within the extension period, provided all other filing and payment requirements of this chapter have been met. Any extension by the Tax Commissioner shall be granted upon the condition that declaration filing and payment requirements have been fulfilled; however, if upon further examination it then becomes evident that declaration filing and payment requirements have not been fulfilled, penalty and interest may be assessed in full and in the same manner as though the extension had been granted.

(Ord. 73-05. Passed 12-6-05.)

181.07 AMENDED RETURN.

(a) Where an amended return must be filed in order to report additional income and pay any additional tax due or claim a refund of tax overpaid subject to the requirements and/or limitations contained in Section [181.08\(a\)](#), such amended return shall be on a form obtainable on request from the Tax Commissioner or an acceptable generic form. A taxpayer may not change the method of accounting or apportionment of net profits after the due date for filing the original return.

(b) Within three months from the final determination of any federal tax liability affecting the taxpayer's Municipal tax liability, such taxpayer shall make and file an amended Municipal return showing income subject to the Municipal tax based upon such final determination of federal tax liability, and pay any additional tax shown due thereon or make a claim for refund of any overpayments.

(Ord. 73-05. Passed 12-6-05.)

181.08 REFUND FOR OVERPAYMENT.

- (a) Subject to the limitations contained in Section [181.14](#) of this chapter, a taxpayer who has overpaid his income tax in any taxable year may request a refund, provided there is no other tax liability, and provided, further, that no amount of less than five dollars (\$5.00) will be collected or refunded.
- (b) Such overpayment shall first be applied against any existing tax liability, pursuant to the provisions of Section [181.15](#) of this chapter, and the balance, if any, shall be refunded or transferred against any subsequent liability in accordance with the taxpayer's request.
- (c) Refunds of overpayments shall not be allowed unless a written request is presented to the Tax Commissioner within three years of the date the taxes were due or the return was filed, whichever is later.
- (1) For purposes of refunds sought under this section, the time specified in subdivision (c) hereof shall commence upon the first to be filed of either the Employer's Return of Tax Withheld, the employer's W3 (Withholding Reconciliation), the current or former employee's personal income tax return, or the business income tax return. (Ord. 48-12. Passed 9-4-12.)

(a) Each employer within or doing business within the Municipality shall deduct at the time of payment of such salaries, wages, commissions or other compensation, the tax rate levied by Section [181.03](#) of the qualifying wages due by the said employer to said employee. Such employer shall be liable for the payment of the tax required to be deducted and withheld, whether or not such taxes have in fact been withheld. Every employer or officer of a corporation is deemed to be a trustee for the Municipality in collecting and holding the tax required under this chapter to be withheld and the funds so collected by such withholding are deemed to be trust funds.

(Ord. 022-2012. Passed 4-17-12.)

(b) Employers shall pay to the Municipality all income taxes withheld or required to be deducted and withheld on either a monthly, semi-monthly or quarterly basis depending on the amount of taxes involved according to the following payment schedule:

(1) If the taxes withheld in the prior calendar year were more than one thousand one hundred ninety-nine dollars (\$1,199) or if the taxes withheld during any month in the preceding quarter exceeded one hundred dollars (\$100.00) monthly payments of the taxes withheld and/or required to be withheld shall be made by an employer. Such payment shall be made to the Municipality on or before the last day of the month following the month during which the undeposited taxes were withheld. Semi-monthly payments of the taxes deducted are to be made by an employer if the total taxes deducted in the prior calendar year were twelve thousand dollars (\$12,000) or more, or the amount of taxes deducted for any month in the preceding quarter exceeded one thousand dollars (\$1,000). Semi-monthly payments shall be paid to the Municipality within three banking days after the fifteenth and the last day of the month.

(c) The employer shall make and file a return on a form furnished by the Tax Commissioner or an acceptable generic form, showing the amount of tax deducted by such employer from the salaries, wages, commissions or other compensation of any employee and paid by the employer to the Municipality. Such employer's return shall be accepted as the return required of an employee who is a nonresident individual and whose sole income, subject to the tax under this chapter, is the salaries, wages, commissions and other compensation as properly reflected upon the return by such employer. This provision shall only apply to persons who are in fact "employees" who, as a direct consequence of their employment, are the proper subject of receipt of an IRS W-2 form; this provision shall not apply to recipients of the IRS form 1099 as "independent contractors" from whose compensation no tax has been withheld or a filing by the payer of said compensation.

(1) In addition to the wage reporting requirements of this section, any person required by the Internal Revenue Service to report, on Form 1099-Misc., payments to individuals not treated as employees for service performed shall also report such payments to the Municipality when the services were performed in the Municipality. The information may be submitted on a listing, and shall include the name, address and social security number (or federal identification number), and the amount of the payments made. Federal form(s) 1099 may be submitted in lieu of such listing. The information shall be filed annually on or before February 28 following the end of such calendar year.

(2) Domestic Servants. No person shall be required to withhold the tax on the qualifying wages, commissions, other compensation, and other taxable income paid domestic servants employed exclusively in or about such person's residence. However, such domestic servants shall be responsible for filing and paying their own returns and taxes.

(Ord. 73-05. Passed 12-6-05.)

(d) Each employer on or before the last day of February each year, unless written request for thirty days extension is made to and granted by the Tax Commissioner following any calendar year in which such deductions have been made or should have been made by any employer, shall file with

the Tax Commissioner an information return (Whitehall Withholding Statement of Wages Paid and Whitehall Income Tax Withheld) for each employee from whom income tax has been or should have been withheld showing the name and address of the employee, the total amount of salaries, wages, commissions and other compensation paid said employee during the year and the amount of Municipal income tax withheld from each employee.

(1) Beginning January 1, 2009, any person, including corporations, partnerships, employers, estates and trusts, who files 250 and more information returns of Form W-2 for any calendar year, must file these returns using magnetic media or such other process as determined acceptable to the Tax Commissioner. All requirements apply separately to both original and corrected forms. Employers filing fewer than 250 W-2's are encouraged, but are not required to remit W-2's electronically.

(Ord. 80-08. Passed 11-18-08.)

(e) Where a resident individual performs services for his employer in another municipality, which services are subject to withholding in the other municipality, the employer shall have the authority to reduce the withholding to the Municipality to the extent of the tax liability in the other municipality.

(f) The officer or the employee having control or supervision of or charged with the responsibility of filing the report and making payment, is personally liable for failure to file the report or pay the tax due as required by this section. The dissolution of a corporation does not discharge an officer's or employee's liability for a prior failure of the corporation to file returns or pay tax due.

(g) An employer is not required to make any withholding with respect to an individual's disqualifying disposition of an incentive stock option, if at the time of the disqualifying disposition, the individual is not an employee of the corporation with respect to whose stock the option has been issued.
