## **Responses to Open-Ended Questions**

**Question 19: Why is that: in other words, why are were you dissatisfied with that experience?**

ID No.	Department or Purpose	Reason dissatisfied
659	Parks and recreation – code enforcement for stuff piled in the driveways	It took so long. I had to keep calling.
875	Concerns about the house next door	It took them three hours to respond, and they did nothing to solve the issue. It involved a young child and nothing was done about it.
956	Road safety hazards; there was a pothole in an alley behind my apartment.	Part of the reason is that when I called, they did come out, but I argued with the lady about whether the alley was gravel or paved. Soon after they filled the pothole, it was demolished again.
1170	Mayor's office	I feel like I was just put off. I was just shuffled off to someone else and then someone else.
1229	Fire hydrant facility	When I asked them about the improperly installed fire hydrants, they didn't fix the problem and left a mess.
1504	There was poor lighting in my neighborhood, and I was reaching out to my city to see what could be done.	The city passed me to the electric company. I felt they were passing the buck. They should have put the focus and attention on the residents. It was a safety issue more than anything.
1924	There were dogs outside of my neighbor's house in a tiny cage in the rain.	I wanted them to do something sooner. They were hard to reach.
2062	Animal control	The situation still has not been resolved.
2461	Code enforcement	They explained to me there was nothing they could do. They said "it is what it is."
2797	Animal control – for a complaint	I should have been anonymous with my complaint, but I was not. I think it was unintentional, but it put me in an awkward position.
4103	I contacted the department about the trash pick-up.	There was nobody to call me back.
4302	Animal control, animal cruelty	I never actually talked to anyone in person.
4593	Code enforcement	They took the call, but they never do anything about it. They don't make homeowners clean up after themselves. Nothing gets done, or it goes back to the way it was before.
5264	Police department	They did not take my concern seriously.
5365	School system	I was given two different sets of information. It delayed my child's school attendance and was an overwhelming amount of work.
5943	Mayor's office for signage	It was evident that it was not an issue for them, yet it was an issue to us.
5970	I contacted two: one for a homeowners program to fix up your house and the other was regarding water issues.	I didn't get the answer I wanted, and they didn't offer a resolution.
6083	Public safety	I did not get a good response at first.
6499	Department of Animal Control	They didn't really give a response.
6675	Have someone come verify that my house was more than 500 feet from my road	He said that he would follow up, but he never did.
7857	My apartment complex had a bunch of furniture they wanted removed.	I didn't hear back.

**Question 19: Why is that: in other words, why are were you dissatisfied with that experience?**

<b>ID No.</b>	<b>Department or Purpose</b>	<b>Reason dissatisfied</b>
8305	Mayor's office	I haven't seen recycling anywhere. We do have curbside recycling, but our apartments don't, our schools don't, and I don't think any of our businesses recycle.
11606	Parks and recreation	I spoke on the phone with one person and they were knowledgeable but brusque. The person I contacted via email was short and kind of rude.
12323	Tried contacting someone about potholes	I never received help.
11550	Police department, school administration, and Mayor's office	I did not receive any resolution, answers, or solutions. I was kind of being ignored.
11103	I called the fire department about a gas leak.	The captain told me that I didn't know what I was smelling. It was rude. All my life I've lived around natural gas appliances. Come to find out, there were seven leaks!
12350	Tax department	The individual I was talking with didn't know what they were talking about.
11366	Code enforcement	They couldn't give me answers to the questions that I had, nor could they get information from others. They didn't return my call and they did not get me the information I needed.
14371	Coding. I had a concern about why something was considered a nuisance.	They never called me back.
12829	The city – what is going on at the schools	They never got back with me and they did not even take care of the matter.
9503	City tax division. I mailed my taxes and it was marked late. The city would not do anything for our late fees on our taxes.	They were like, "Oh well, this is the way it is. You have to pay it."
9515	Street maintenance replaced curbs on our street. I had my approach replaced five years ago, and the city replaced it despite my objections.	They were not able to implement what they stated.
11544	Police	We had called to make a report, but no one came.
11095	Police	We told the police that there was someone shouting that they were going to kill someone, but the police never showed up.
11323	We were trying to start a day camp for the mentally disabled, and the City of Whitehall doesn't have a zoning code. They basically just killed the project.	Zoning says one thing, but when you go to execute with the information they told you, it was something else. It made it sound like they didn't want the project there. They were making us jump through hoops.
